Re: External audit reports for 2020

To whom it may concern,

This is to clarify that, due to the COVID pandemic, the external audit company Tupy was not able to produce the audit reports for final harvest volumes in the second and third quarters of 2020.

Despite the problems faced during this period, the work was resumed in the 4th quarter of 2020 and the consolidated report for 2020 could be prepared without any harm to its contents.

Yours sincerely,

Fausto Takizawa
